## **1 Aims and jurisdiction**

- 1.1 The England & Wales Cricket Board (ECB) is committed to maintaining the highest standards of behaviour and conduct in the game of cricket. The Yorkshire Cricket Southern Premier League (the League) shares this commitment and take it very seriously.
- 1.2 The ECB Premier Leagues disciplinary regulations, incorporating the Code of Conduct and Spirit of Cricket (as set out below), have been adapted by the League and are intended to provide guidance and ensure uniformity in dealing with any alleged breach of the Code of Conduct. Disciplinary regulations are subject to ECB change and as such the Management Committee have full authority to implement those changes subject to giving written notice to clubs.
- 1.3 These disciplinary regulations must be complied with by all those who participate in the League, including players, clubs, club officials, club members, representatives of the League and any other person or body who is from time-to-time engaged in cricket-related activities under the auspices of the League (participants).
- 1.4 Subject to the mutual recognition provisions (at paragraph 13 below), the League will be responsible for the enforcement and administration of the disciplinary regulations in relation to participants registered to the League and/or participating in cricket-related activities under its auspices. All participants, by virtue of their registration with the League (whether directly or via a club) and/or participation in cricket-related activities under the auspices of the League, agree to be bound by the League disciplinary regulations.
- 1.5 All participants are required to co-operate with the League in regard to discipline. All clubs must take all reasonable steps to ensure the proper conduct of its participants in accordance with these disciplinary regulations and must not act in any way which is prejudicial or detrimental to the interests or reputation of the League(s) or the game of cricket.
- 1.6 There is nothing to prevent or discourage clubs from applying additional or stronger penalties in regard to breaches of the Code of Conduct beyond those set out in these regulations.
- 1.7 The core aim of these disciplinary regulations is to maintain the highest standard of behaviour and conduct in the League. They are intended to be fair, straightforward and proportionate to the needs of the League and its' participants; respecting the fundamental principles of natural justice and fairness, but recognising that those involved with the procedures will not typically be, and do not need to be, legally qualified. Therefore, as long as the principles of natural justice and fairness are not infringed, minor practical or technical points will not serve to invalidate the procedure or any decisions or findings under these regulations.
- 1.8 In the event that any incident or other matter occurs which is not provided for by these regulations (whether it relates to conduct, jurisdiction, procedure or penalty), then the League may take such action as they consider appropriate in the circumstances, taking into account the specific circumstances and the principles of natural justice and fairness.
- 1.9 In the event that any alleged breach of the Code of Conduct falls under other relevant ECB regulations, such as the ECB Safeguarding Complaints and Disciplinary Procedure, or is subject to investigation by the police or other public authority (or analogous body), or is subject to any other legal/regulatory process, the League may stay the procedure under the Disciplinary Regulations.
- 1.10 The League will appoint a Disciplinary Chairman and Deputy, who be responsible for overseeing action on all disciplinary issues in accordance with these regulations. The Disciplinary Chairman or Deputy will if required form a Disciplinary Review Committee (DRC) to oversee necessary action in specific cases. This may include setting up a disciplinary panel, if a formal hearing is necessary.

## **2 Code of Conduct**

- Captains are responsible at all times for ensuring that play is conducted within the Spirit of Cricket (as set out in paragraph 3) as well as within the Laws of the Game.
- Players must at all times accept the umpire's decision. Players must not show dissent at the umpire's decision or react in a provocative or disapproving manner towards another player or a spectator.

- Players must not intimidate, assault, or attempt to intimidate or assault, an umpire, other participant or spectator.
- Players must not use crude and/or abusive language (known as 'sledging'), nor make offensive gestures or hand signals, nor deliberately distract an opponent.
- Players must not use language or gestures that offend, insult, humiliate, intimidate, threaten, disparage or vilify another person on the basis of that person's (or that person's perceived) age, race, religion, sexual orientation, colour, descent or national or ethnic origin.
- Players must not use or in any way be concerned in the use or distribution of illegal drugs; or in any other criminal activity.
- Players must not consume alcohol during the game.
- Participants must not make any public or media comment which is prejudicial or detrimental to the interests or reputation of other participants or the game in general. In this instance, media will include (but not be limited to) press, radio, television, external websites, club websites, social networking sites and club match programmes. Nothing in this provision will prevent any comment which constitutes honest opinion in regard to cricketing matters and which is made in a fair and respectful manner.
- Participants must not gamble or bet, either directly or indirectly or by using agents, on any competition or match in which they or their club are involved.
- Participants must not publicly disclose or comment upon any alleged breach of this Code of Conduct.
- Participants must not act in any manner which is against the Spirit of Cricket, otherwise improper, or prejudicial or detrimental to the interests or reputation of the League or the game of cricket.

### 3 Spirit of Cricket

- Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its laws, but also within the Spirit of the Game. Any action which is seen to abuse this spirit causes injury to the game itself. The major responsibility for ensuring the spirit of fair play rests with the captains.
- There are two laws which place the responsibility for the team's conduct firmly on the captain:
  - Responsibility of captains. The captains are responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws.
  - Player's conduct. In the event of any player failing to comply with the instructions of an umpire, criticising his decision by word or action, showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned will in the first place report the matter to the other umpire and to the player's captain, requesting the latter to take action.
- Fair and unfair Play. The umpires are the sole judges of fair and unfair play. The umpires may intervene at any time, and it is the responsibility of the captain to take action where required to do so.
- The umpires are authorised to intervene in cases of:
  - time wasting
  - damaging the pitch
  - dangerous or unfair bowling
  - tampering with the ball
  - any other action that they consider to be unfair
- The Spirit of the Game involves respect for:
  - your opponents
  - your own captain and team
  - the role of the umpires
  - the game's traditional values

- It is against the Spirit of the Game:
  - to dispute an umpire’s decision by word, action or gesture
  - to direct abusive language towards an opponent or umpire
  - to indulge in cheating or any sharp practice, for instance to:
    - appeal knowing the batsman is not out
    - advance towards an umpire in an aggressive manner when appealing
    - seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one’s own side
- Violence. There is no place for any act of violence on the field of play.
- Players. Captains and umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution to this.
- Failure to comply with the provisions of the Code of Conduct may lead to disciplinary action, irrespective of an alleged breach being related to a match not under the jurisdiction of the League.

#### **4 Categories of breaches**

4.1 A breach of the Code of Conduct will normally be categorised as Levels One, Two, Three or Four. The specific offences that constitute Levels One to Four breaches are set out sections 17-20. The conduct listed cannot be considered to be exhaustive – see section 21.

#### **5 Reporting procedures**

- 5.1 In all instances of any perceived breaches, the umpire(s) should complete a formal disciplinary report that must be forwarded to the Disciplinary Chairman or Deputy within 48 hours of the conclusion of the match.
- 5.2 The report must be made on behalf of both umpires, and must contain full details of the breach, specifying, as appropriate, the words used or action taken by the player or players concerned. Failure to follow this reporting procedure may result in no action being taken.
- 5.3 If, in the opinion of the umpires, an offence constitutes a Level Three or Four breach, the umpires will take action to suspend the player from the game in accordance with Law 42, advising the captain accordingly. This action should be detailed within the formal report.
- 5.4 Any allegation of a breach of the Code of Conduct by a participant made against another participant which arises from an incident during the course of a match or on the field of play should, initially, be notified by a team’s captain to the umpire(s).
- 5.5 Any allegation of a breach of the Code of Conduct by a participant made against another participant which does not arise from an incident during the course of a match or on the field of play must be notified by email to the Disciplinary Chairman or Deputy within 48 hours of the incident coming to light.
- 5.6 Subject to any direction from the Disciplinary Chairman or Deputy, a written report should then be provided, which should allow the Disciplinary Committee to understand:
  - the background to the alleged incident
  - why a breach of the Code of Conduct is alleged
  - the level of breach alleged
- 5.7 The Disciplinary Chairman or Deputy will have an overriding discretion to decline any disciplinary reports or notifications submitted, where they consider, for example, that no breach has occurred, insufficient information has been provided, or that the report is vexatious. This will be reported back to the umpires.
- 5.8 Any complaints submitted under paragraphs 5.4 and 5.5 must be made in good faith. The submission of a report which is trivial, vexatious, made for tactical reasons or otherwise improper may itself be treated as a breach of the Code of Conduct.

- 5.9 Other than in exceptional circumstances, reports from participants will not be accepted if they relate to any alleged breaches of the Code of Conduct which have been, or could have been, reported by an umpire. The Disciplinary Chairman or Deputy may contact an umpire for his observations/views on allegations/the content of any report or where there has been undue delay in making a notification or report.

## **6 Procedure for dealing with reported Level One warnings**

- 6.1 The Disciplinary Chairman or Deputy will, as soon as reasonably practicable following receipt of a report, inform the secretary of the concerned club (or other participant as appropriate in the circumstances) that a report has been made.
- 6.2 If the Disciplinary Chairman or Deputy are satisfied that a Level One warning is warranted, they will record the caution and notify the player's club that the caution has been so recorded. Cautions will result in a suspended two-week ban that will apply to the end of the following season.
- 6.3 Clubs can either accept the caution or alternatively request a formal hearing. Any request for a hearing must be submitted in writing and must state clearly the reasons for requesting a hearing. Any such request must reach the Disciplinary Chairman or Deputy within seven days of issue of the official notification of a caution.
- 6.4 If a player receives a second caution within the suspended period, then they will be subject to an automatic two-week ban for the suspended period. If a player commits a Level 1 or 2 offence within the suspended period, it will activate the original suspended ban and will be added to any sanction determined for the second offence.
- 6.5 If, exceptionally, the Disciplinary Committee decide that an incident for which a caution has been issued is of a more serious nature, they may decide to upgrade it to a Level 1 or 2 offence and instigate formal disciplinary action accordingly.

## **7 Procedure for dealing with reported offences**

- 7.1 The Disciplinary Chairman or Deputy will, as soon as reasonably practicable following receipt of a report, inform the secretary of the concerned club (or other participant as appropriate in the circumstances) that a report has been made.
- 7.2 Upon receipt of a disciplinary report the Disciplinary Chairman or Deputy will consider the magnitude of the offence detailed and categorise it as either a Level One 'warning' or as falling within Levels One to Four. Should the Level of offence categorised by the Disciplinary Chairman or Deputy differ from that suggested/reported by the match officials then contact will be made with the umpires in question in order to discuss and determine the actual Level of offence committed.
- 7.3 Any reports involving Level One warnings will be dealt with as in section six above.
- 7.4 Any reports involving offences classified as Level One or Two should be dealt with in the first instance by the participant's club. In such cases, the club will be requested by the Disciplinary Chairman or Deputy to conduct their own internal disciplinary process with a timescale for the outcome in writing. In considering the outcome, clubs **must** refer to the contents of Section 10 detailed within this disciplinary document and in so doing, **shall** take into account any previous disciplinary findings related to the individual concerned.
- 7.5 Upon receipt of the written report from the club, the Disciplinary Chairman or Deputy will consider the matter and resolve whether:
- to endorse any action taken by the club and confirm that no further action is required; *or*
  - to refer the matter for a full disciplinary hearing.
- The intention is that any ban/penalty will be placed in force from midnight Friday after the finalisation of the offence. In the event of the clubs taking no action, the Disciplinary Chairman may impose a one-week ban pending the hearing.
- 7.6 Any alleged reports involving offences that are categorised as Level Three or Level Four will be dealt with by means of a League disciplinary hearing.

7.7 Where it is decided to impose a ban in advance of a hearing, that ban will be taken into account against any ban that is subsequently imposed at that hearing.

## **8 League disciplinary hearings**

8.1 At least seven days' notice in writing of the disciplinary hearing will be given to the participant, either directly or via the secretary of his club as appropriate. The notice will specify the alleged breach(es) of the Code of Conduct and the Level(s) of the alleged breach(es).

8.2 Where a charge against a player is referred to a disciplinary hearing, his captain and club may be charged separately under their responsibilities as set out in the Code of Conduct above.

8.3 In any case which is referred for a disciplinary hearing, the Disciplinary Chairman or Deputy will convene the disciplinary hearing within 14 days of the decision to refer. Any delay may only be granted at the discretion of the chairman of the disciplinary panel (appointed in accordance with paragraph 8.6). In these circumstances, the Disciplinary Chairman or Deputy may decide to impose a ban in advance of the hearing, which will be taken into account against any ban that is subsequently imposed at that hearing.

8.4 The accused participant will be entitled:

- to submit written statements ahead of the disciplinary hearing
- to attend the disciplinary hearing
- to state their case (in the case of a club, by its secretary or other official)
- the accused person is entitled to be supported by a colleague. There is no right to legal representation but the Panel would normally permit the accused person to be legally represented. However, the attendance or otherwise of the legal representative should not be used as a 'delaying tactic'
- to call witnesses

8.5 If the participant is to have representation present at the disciplinary hearing then the details of that representation must be given to the Disciplinary Chairman or Deputy not less than 48 hours before the date of the hearing.

8.6 The disciplinary hearing will be conducted by a panel appointed by the Disciplinary Chairman or Deputy and will consist of not less than three persons, selected from an approved list or other leagues. The Disciplinary Chairman or Deputy will appoint one of the panel members to act as chairman and if required a minute taker who will have no involvement or vote in the proceedings. None of the disciplinary panel should be connected with the participant or any relevant opponent at the time of the alleged breach, or any participant who might directly benefit from any disciplinary action.

8.7 A participant involved in disciplinary proceedings will be solely responsible for meeting such costs or expenses as the hearing or they may incur, including the cost of any legal or other representation, umpires' and panel members' costs and room hire. Umpires and panel members attending will receive a fee of £25 and 40 pence per mile travel costs each.

8.8 The standard of proof will be on the balance of probabilities.

## **9 Penalties**

9.1 If at a disciplinary hearing a breach of the Code of Conduct is proved, the panel will have the power to impose one or more of the following penalties, together with such order as to costs as it deems appropriate (see also 23 *Tariff of penalties for players*).

9.2 In the case of a player:

- to require the player to submit appropriate letter(s) of apology within 7 days of having been required to do so. Failure could mean further disciplinary action.
- to record a reprimand and to give a warning as to future conduct
- to impose a fine, not to exceed £500
- to suspend or ban the player for a stated period of time

- to deduct League points from the player's team
  - to expel the player from the League
- 9.3 In the case of a club:
- to require the club to submit appropriate letter(s) of apology within 7 days of having been required to do so. Failure could mean further disciplinary action.
  - to record a reprimand and to give a warning as to future conduct
  - to impose a fine
  - to deduct League points from the club's team.
  - to expel the club from any competitions of the League
  - to relegate to a partner league
- 9.4 In the case of any other participant:
- to require the participant to submit appropriate letter(s) of apology within 7 days of having been required to do so. Failure could mean further disciplinary action.
  - to record a reprimand and to give a warning as to future conduct
  - to impose a fine, not to exceed £500
  - to suspend or ban the participant for one or more specified matches and/or for a stated period of time
  - to deduct league points from the participant's team
  - to expel the participant from the League
- 9.5 Panels may take the following factors into account when determining the penalties to be imposed:
- if the accused participant has pleaded guilty
  - the participant's previous disciplinary record
  - the position of the participant (for example, if a player is a captain)
  - the conduct of the participant subsequent to him/it being warned and told that he will be reported
  - in any case involving a player, the regularity with which the player plays cricket and at what level(s) of cricket he plays (for example, a fixed period bans or suspension of two weeks is likely to have a more serious impact upon an ECB registered cricketer who plays regularly when compared to a purely recreational player who plays infrequently)
  - whether conduct occurred on or off the field of play (as a guideline only, conduct occurring off the field of play will normally, other than where there are significant aggravating factors, be more appropriately dealt with by the imposition of a fine)
  - any other mitigating or aggravating factors including the regularity the player plays cricket relevant to the circumstances of the breach
- 9.6 Decisions of the Disciplinary Panel (a finding that a complaint is proved or not proved or a decision on penalty) will be by majority vote; where necessary, the chairman of the Disciplinary Panel will have a casting vote.
- 9.7 In accordance with the Cricket Discipline Commission (CDC) Regulations, it is envisaged that in any case where a ban or suspension is lawfully imposed upon an ECB-registered cricketer by the Disciplinary Panel such a suspension will be recognised by the CDC.
- 9.8 ECB-registered cricketers have a right of appeal to an Appeal Panel of the CDC and, in the event of suspension being imposed upon an ECB-registered cricketer by the Disciplinary Panel, the Disciplinary Chairman or Deputy will, as soon as practicable, report the matter in writing to the ECB Head of Cricket Operations (First Class) or the ECB Head of Non-First Class Cricket.

## 10 Automatic Player & Team penalties

- 10.1 Where any member club of the League has cautions or bans imposed on its participants, whether these are the same or different participants, disciplinary points will be awarded against the team for which the offenders were playing at the time, and the player himself, and a 'totting up' procedure applied.
- 10.2 The disciplinary points will be awarded according to the level of the breach as follows:
- |                  |           |
|------------------|-----------|
| Level 1 Warning: | 1 point   |
| Level 1 Offence: | 3 points  |
| Level 2 Offence: | 6 points  |
| Level 3 Offence: | 9 points  |
| Level 4 Offence: | 12 points |
- 10.3 Each team and player receive a 12 points disciplinary 'license' valid for a period from the first breach incurring points up to the end of the following season. Once a team reaches 15 points in this period, they will be deducted 12 league points. Once a player reaches 15 points, they will receive an automatic ban of 4 weeks with 8 weeks suspended. The captain of the team for that season will also receive an automatic one-week ban if 15 disciplinary points are reached by his team within the specified above.  
When a team commits 5 breaches within a 12-month period it will trigger an automatic hearing with the Disciplinary committee who will determine the appropriate action.
- 10.4 *Level 1 Warnings.* The first warning or caution will result in a two-week suspended ban and one disciplinary point for the individual and the club. Further Level 1 Warnings against the same player within the specified period will result in a ban for the length of the suspended ban and further one disciplinary point both for the player and his team.
- 10.5 *Level One Offences.* A two- to six-week ban will be imposed, plus a suspended ban, which will be twice the length of the ban imposed, which will apply to the end of the following season; plus three disciplinary points for the player and his club. Further Level 1 warnings or offences by the same player will result in a ban for the length of the original suspended ban and the activation of an automatic Level 2 offence. The same player will be dealt with for this matter and additionally – as per the team – will receive six disciplinary points.
- 10.6 *Level Two Offences.* A three- to eight-week ban will be imposed, plus a suspended ban, which will be twice the length of the ban imposed, which will apply to the end of the following season and six disciplinary points, both for the player and his team. Further Level 2 offences by the same player within that and the following season, will result in a ban for the length of the suspended ban and another six disciplinary points, both for the player and his team.
- 10.7 *Level Three offences.* A four- to 10-week ban will be imposed, plus a suspended ban twice the length of the ban imposed, which will apply to the end of the following season and nine disciplinary points, both for the player and his team.
- 10.8 *Level Four offences.* A minimum 10-weeks ban, plus and a suspended ban twice the length of the ban, which will which will apply to the end of the following season and 12 disciplinary points, both for the player and his team.
- 10.9 All team points penalties must be approved by the League Chairman and Vice-Chairman. They will apply as soon as the penalties are approved unless their application makes no material or potential difference to league championship, promotion or relegation issues in the current season, in which case they will be applied the following season.

## 11 Appeals

- 11.1 Where a breach of the Code of Conduct has been proved at a disciplinary hearing, a participant will have the right of appeal. This right should only be exercised in good faith upon reasonable grounds which must be clearly stated within the appeal document. The appeal will only be considered on, length of any ban, amount of any fine or new evidence that was not available at the time of the League disciplinary panel hearing. Except in cases where the provisions of paragraph 9.8 apply, the Disciplinary Chairman or Deputy will decide if the appeal is valid. Where more than one participant, e.g., a player and his club, appeal in relation to the same incident, they must do so separately.

- 11.2 **A notice of appeal setting out the grounds must be given in writing** to the Disciplinary Chairman or Deputy within seven days of the decision of the disciplinary panel being communicated to the participant, together with a non-refundable deposit. The amount of the deposit will be £250 for a club or £100 for a participant in the Premier Section and £100 for a club and £100 for a participant in the Senior Section exercising a right of appeal. **Once an appeal has been received it cannot be withdrawn.**
- 11.3 If a notice of appeal is given, the penalty will not take effect pending the hearing of the appeal, which will take place as soon as is practicable and in any event within 14 days of receipt of notice of the appeal.
- 11.4 The appeal will be heard at an appeal hearing. The panel to hear the appeal will be appointed by the Disciplinary Chairman or their deputy. The Appeal shall be by way of a hearing or a re-hearing before a different Committee. The composition of the Panel shall be at the discretion of the Chairman of the Disciplinary Committee and shall consist of not less than three persons, none of whom shall be connected with the player, the Club or their opponents at the time of the alleged breach. One of the panel members will be appointed to act as chairman of the appeal panel. A note taker will also be appointed. None of the panel should have been part of the original disciplinary panel, be connected with the participant or any relevant opponent at the time of the alleged breach, or any participant who might directly benefit from any disciplinary action.
- 11.5 The participant will be entitled to a minimum of seven days' notice of the appeal hearing, and will have the same rights of attendance and representation, and to call witnesses, as they had at the disciplinary panel.
- 11.6 If the participant is to have representation present at the hearing, then the details of that representation must be given to the Disciplinary Chairman or Deputy not less than 48 hours before the date of the hearing.
- 11.7 Non-attendance at the appeal hearing by a participant without good and valid reason for such non-attendance will automatically result in forfeiture of their right of appeal. The appeals panel may confirm, vary or reverse the decision of the disciplinary panel and it will have the power to increase the penalty and award costs of the appeal hearing and forfeit the whole or part of the deposit (in reaching its decision, the appeal panel may have regard to whether the right of appeal was exercised in good faith and upon reasonable grounds).
- 11.8 Decisions of the appeal panel will be by majority vote; where necessary, the chairman will have a casting vote. The decision of the appeals panel will be final and binding.

## **12 Non-payment of fines or costs**

- 12.1 Disciplinary fines imposed on a club under the League's disciplinary regulations will be paid, within four weeks of the date of imposition, to the League treasurer. In default of payment at the end of four weeks the fine will be doubled and thereafter doubled for every further period of four weeks it remains unpaid.
- 12.2 In the case of disciplinary fines and/or costs levied on a player such player will not be allowed to play in any match until such fines and/or costs have been paid in full.

## **13 Mutual recognition of penalties**

- 13.1 Penalties imposed by the League and its clubs will be recognised, and given full effect to, in all ECB/YCB-affiliated competitions.
- 13.2 The League will recognise, and give full effect to, any penalty imposed by the disciplinary or appeal panel of any other ECB/Yorkshire Cricket Board (YCB)-affiliated league.

## **14 Data protection consent**

- 14.1 Each participant will be deemed to have agreed, for the purposes of the Data Protection Act 1998 and otherwise, that necessary personal data may be processed and disclosed in accordance with, and for the purposes of the implementation of, the Disciplinary Regulations.

## **15 Confidentiality**

- 15.1 All disciplinary proceedings which take place under the disciplinary regulations will be confidential and will take place in private.

- 15.2 After all disciplinary action is completed, the Disciplinary Chairman or Deputy will notify the umpire(s) or participant who reported the alleged breach that either:
- the participant was found not guilty
  - there was insufficient evidence to proceed
  - disciplinary action has been taken
- 15.3 The Disciplinary Chairman or Deputy will report back in writing to the League Executive Board and the umpires involved on reports of disciplinary breaches and consequential action taken.

- physical assault of another player, umpire, official or spectator
- any act of violence on the field of play
- making offensive public or media comment about the League, its' officers and committee members, its' umpires, and its' clubs and/or their members (in this instance, media will include (but not necessarily be limited to) press, radio, television, external websites, club websites, social networking sites and club match programmes)

## 21 Other offences

- 21.1 The conduct listed in Level One to Level Four above cannot be considered to be exhaustive. Where any alleged breach falls outside the conduct detailed, whether on or off the field, the disciplinary committee will determine the appropriate level with reference to the following factors:

- the level of harm caused (or potentially caused) to the interests or reputation of the League(s) or the game of cricket in general
- whether any alleged language used or gesture made may offend, insult, humiliate, intimidate, threaten, disparage or vilify another person on the basis of that person's (or that person's perceived) age, race, religion, sexual orientation, colour, descent or national or ethnic origin
- whether it is alleged that any conduct was intended to cause physical harm to another person, or such harm was reasonably foreseeable
- whether it is alleged that any conduct was intended to cause distress to another person, or such distress was reasonably foreseeable
- whether it is alleged that any behaviour caused harm to a child, or such harm was reasonably foreseeable
- the level of harm/distress the alleged conduct caused (or may have caused) to another person
- whether it is alleged that any conduct was criminal or otherwise unlawful
- any other factor relevant to the particular circumstances of the alleged conduct

### 21.2 *Captains' Responsibility*

- Repeated infringements by a team are likely to result in the captain being held responsible for the conduct of his team (whether or not individual players are also identified for disciplinary action) and being called before a disciplinary hearing. The penalties available include a ban.
- When issuing the penalty, the Disciplinary Committee may take account of instances of poor team discipline in previous years, particularly where the on the field captain is the same and the prior record of any individual charged.
- Captains should ensure they understand their responsibility for the 'on the field' behaviour of themselves and their team members. Penalties to include a suspended ban or a ban. If a ban is the penalty, this will normally take place immediately. The ECB guideline for such an instance is a four-week ban, which will be considered by the Disciplinary Committee in making a decision, having taken account of any suspensions imposed (and served) or suspended suspensions currently in force which have been previously imposed by a player's club.

### 21.3 *Mandatory reporting under the laws.* The umpires after consultation are instructed to report transgressions under the following laws:

- i Law 18.5 - deliberate short runs
- ii Law 21.2(c) - fair delivery – the arm
- iii Law 41.3 - changing the condition of the match ball
- iv Law 41.4 - deliberate attempt to distract striker
- v Law 41.5 - deliberate distraction or obstruction of batsman
- vi Law 41.6, 7 and 8 - dangerous and unfair bowling
- vii Law 41.9 - time wasting by the fielding side
- viii Law 41.10 - batsman wasting time
- ix Law 41.11, 12, 13, 14 and 15 - bowler, fielder or batsman damaging the pitch
- x Law 41.17.1 - batsmen stealing a run
- xi Law 42 - players' conduct

For a player failing to comply with the above Laws, a minimum one-week ban is applicable. In addition, the player's captain is liable to be suspended for a minimum period of one week if it is found that reasonable steps were not taken to ensure compliance by the player.

### 21.4 *Spectator behaviour.* Clubs will be liable to fines and/or points deductions as considered by the Disciplinary Committee should the conduct of members or non-member spectators be reported to be abusive, offensive, etc., towards umpires, players, club officials or other spectators.

21.5 In determining the appropriate level, it is again to be remembered that the core aim of the disciplinary regulations is to maintain the highest standards of behaviour and conduct in the game of cricket. The level determined for an alleged breach of the Code of Conduct should be proportionate to achieve that core aim.

## **22 Social media**

22.1 Breaches of the League's Electronic Media Policy will be dealt with under these disciplinary regulations. In relation to such cases, it should be noted that:

- participants are to be considered responsible for any posting(s) on their social media account(s) (the fact that a posting may have been made by someone else in the participant's name will not necessarily prevent disciplinary action being taken)
- disciplinary action may result from repeating comments made on social media by others (e.g. 'retweeting')
- the deleting of any inappropriate content, whilst advisable, will not of itself prevent disciplinary action being taken

## **23 Penalties - general**

23.1 The standard tariff of penalties which will be used by disciplinary panels, and will hopefully help clubs to determine appropriate outcomes if they take any internal disciplinary measures, is detailed in para 10 above. Clubs are encouraged to invoke their own disciplinary action where felt appropriate and, in those cases, advise the League of any actions taken. Club action will be taken into account by the League disciplinary panel.

23.2 The league disciplinary panel will adhere to the tariffs, as the overall aim is to achieve a degree of uniformity in any disciplinary matters and a process that is transparent to all.

23.3 Where a decision is made to suspend a player in the latter stages of a season, the ban will, if necessary, for its full term to be served, be carried over to the actual commencement of the following season.

23.4 The disciplinary panel may, at its sole discretion:

- vary a suspension to take into account circumstances as in 9.5 above
- suspend any part of a penalty for a stated period of time against the future behaviour of a player; any such suspended penalty to be activated in the event of a further penalty being applied as a result of a subsequent breach within the suspension period

23.5 Any ban implemented will apply to all forms of cricket including, charity and friendly fixtures.
